CCC COMPANY 1583 VALPARAISO INDIANA

NO. 11

Twenty-One Members To Receive Certificates

Twenty-one members of Camp Calumet will receive National Defense Training Cards for NDT in Elementary Electricity, Motors, and Woodworking. This number of candidates has been recommended by the instructors to receive these certificates at the end of this training period.

In Elementary Electricity, Instructor Walsh recommended the following:

Bates, Clarence
Brotherton, William
Crigger, James
Harvey, Eugene
Persely, Eugene
Rukavina, George
Smutnak, Joseph.

Others in the class will receive certificates when they have completed satisfactorily the required 120 hours.

In Motors, Instructor Dommer recommended the following:

Baker, Edward
Bishop, Joe
Browning, Leonard
Helton, Morgan
McFarland, Lay
McIntosh, Price
Powell, William
Trosper, Darnell.

Woodwork Students-Class To Receive VT RC

Six members of the Woodworking class are to receive Voc. Tr'g Record cards or certificates having completed satisfactorily the 120 hours instruction required. Those recommended by Earl J. Williams, instructor, are: Espinoza, Max
Jordan, George
McWhorter, Elmer
Rogers, William
Skeens, Lawrence
Young, Robert.

Sector Chaplain Doyle D. Warner Visits Camp

Doyle D. Warner, our sector Chaplain, visited camp on Monday evening. Services which were held immediately after evening mess in the Educational Bldg. were well attended. A different type of service was held, the members being given part in the conduct of the service. The Chaplain felt better response and this type of service will be continued. The attendance and interest was excellent.

Lt. George E. Wiley Returns From Leave

Lt. George E. Wiley Commanding Officer of Co. 1583, returned on October 28th from an extended trip while on leave.

He traveled more than 2000 miles, visiting Washington, D. C. and other points in the nation's capitol he stopped at the Commodore Hotel a right ritzy spot. After a visit there and some other spots of interest, he went north to Niagara Falls thence north into Canada. He reports prices considerably higher in Canada but many tourists were in evidence. The whole trip was negotiated without accident. He was accompanied on the trip by Mrs Wiley and it was a sort of second honeymoon. C.O., and may all your trails be honeymoon trails!

Company 1583 Joins In Home Coming Of V. U.

Members of Company 1583 participated in the Home Coming celebration, Saturday Oct. 25th.

CURRENT NEWS

"Sandy Gets Her Man" Was Feature Attraction At Camp Calumet Oct. 30th.

The feature attraction at the regular Thursday evening exercises for Camp Night on Oct. 30th was an excellent picture entitled, "Sandy Gets Her Man." The picture was enjoyed by the entire company. Regular feature pictures are a part of the Camp Night program. They are supplemented by other features or special lectures from week to week. The next program will be on Nov. 6th. The name of the feature attraction is not available as the paper goes to press.

Camp Calumet May Lose Another Good Man Soon. Paul Scamihorn Gets Call

Camp Calumet has sent out many a good man to various fields of endeavor. Of them and their record, this company is justly proud. Just as this paper goes to press, our own Paul Scamihorn, who is acting Subaltern, has received a call to act as an instructor in the Cooks' and Bakers' School now located at New London, Ohio. This is an excellent assignment and calls for good compensation and good opportunity. We believe that they made a good selection when they tendered the offer to Paul for he really knows his mess. The only other thing that we would prefer to see is his appointment as a regular Subaltern. And we would like to see him assigned to a company in this District. In any event, he is headed for a desirable post and our very best wishes go with him. Lots of good luck, Paul we know you will make it. Happy Landings, Mr. Scamy.

That You Can't Keep A Good Man Down? Was Demonstrated When The Whale Swallowed Jonah

That you can't keep a good man down was demonstrated when the whale swallowed Jonah. This has been demonstrated many times in this company. It was recently demonstrated when W.J. Taylor, Engineer, and a member of our famous Technical Service personnel. In hurrying over to the mess hall to get a piece of steak before Mr. Back arrived, he suffered a painful injury by running a nasty old nail in his foot. After an efficient treatment by our tough and able Army doctor, M.B. Fyfe, he was assured of a safe recovery although it appeared that it might be quite a spell before the said engineer would be moving around much. However he is back on the job again with only a slight 'twitch' in his walk (quoting John Henderson) So as we said in the beginning, it only demonstrates that you can't keep a good man down.

F D. Taylor, Acting Sector Commander Inspects

F. A. Taylor, acting Sector Commander of the Sound Bend Sector, made an inspection of this company on Wednesday, Oct. 29th.

Lt. Taylor succeeds Cornilius R. Lisenby who was, recently our sector commander.

Lt. Taylor will return again to audit the books of the company about the 4th of November. In addition to his duties as Sector Co. Lt. Taylor also commands the Portland CCC Company.

EDUCATIONAL NEWS

National Defense Training Courses Complete 8-Week Period Oct. 25th

The three National Defense Classes, in Electricity, Motors, and in Woodworking, completed their hours of work during the week beginning Oct. 20th. The courses extended over a period of 8 weeks 15 hours per week. Ten hours were from the enrollees leisure time and 5 hours from the work project.

Vocational Training Record Card as furnished by the Federal Security Agency will be issued to all members of these activities completing 120 hours of instruction in a satisfactory manner.

Courses In Electricity, Motors And Woodworking Continue Courses

The National Defense Training courses will continue their activities, beginning the 27th of October, if applications submitted are approved. Rolls for the new classes are complete. And we hope that the boys which have signed up for the next period will do as good as the men that have just completed their courses in National Defense.

KITCHEN SMOKE

BY P. SCAMHORN

AIN'T LOVE GRAND

Hunt was in town the other night and happened to meet a very young lady. She was rich and he was poor. She liked him but that was all, and he was aware of the fact. One evening he grew some-what tender and finally said, you are very rich aren't you Helen. Yes said the girl. I'm worth about two million dollars. Will you marry me Helen. Oh! no Hunt I couldn't. I knew you wouldn't. Then why did you ask me. Oh! I just wanted to see how it feel's to lose two million dollars. So that is the story why hunt is still single and still trying to date a little girl, for he is a boy who won't let no stop him. So he is trying again. Better luck next time Hunt.

QUIZ

Here is a few questions the kitchen force would like for the company to answer in the seventh page of this issue of the VALPO VANE.

1. Would you rather be a Lieutenant with a bar on your shoulder, or a private with your shoulder on a bar?
2. You are out with a girl who loves you madly. As you are driving her home in your car late at night, miles out in the country your car breaks down. A terrible rain storm starts and the top begins to leak. but a few feet away you see a deserted cottage. The two of you enter and find it luxuriously furnished, but there is only one bed and you insist that the girl take it. Where will you sleep?
3. Hedy Lamar invites you to spend the week end at her country home. The other guest will be Lana Turner, so you bring Clark Gable, Errol Flynn and Tyrone Power. State the reason why you do not go there alone?
4. One of the oldest jokes in the world is to send some one after a left hand monkey wrench. Of course no tool exists, but why doesn't it?
5. What did King Henry the eight say to his fifth wife when he walked into her bedroom at nine o'clock in the morning?
6. When your dog tells you he wants to go out for a walk what time is it?
7. Your are peacefully walking the sidewalk when an automobile mounts the curb. You are knocked down but unhurt. You spring to your feet fuming with rage. How do you know the name of the driver?
8. A man has drunk beer until he is unable to stand, so he sits down and continue drinking. Then unable to stay on a chair he fall off and calls for another drink. If he is drunk, it should be refused; if he is not it should be given to him, according to your local law. Would you give him the drink or not, and why.
9. Lie flat on your back, perfectly on a gymnasium matt, but if that is not available, a concrete road will do. Put your right foot behind your left hip and your left foot behind your right hip. now clasp your hands behind your head and bend forward. How long of a time can you hold this position?

THE CHAPLAINS PAGE

Sector Chaplain

THE NEW ORDER OF THE AGES

The hope of a better day and a future that will bring security and peace to the world lies solely in the Plans and Purposes of God for a New World Order under the direction and reign of Jesus Christ as Governor among the nations. This plan is clearly and distinctly foretold in the Biblical prophecies as the coming of the Kingdom of God on earth. It would come at a time when the world had increased in wisdom, men would run to and fro in the earth, nations would be in distress with perplexity, men's hearts failing them for fear, loving pleasures more than God, eating and drinking, saying peace and safety when there is no peace, and great destruction of life and property from wings that hover cover, Jerusalem would be delivered after a certain period of treading down, the Jews would return to Palestine and a general falling away of all things would be evidenced as a breaking down of the old world order demonstrating man's failure to stem the downward trend to chaos and ruin.

The climax of the great drama now being enacted will come with Divine intercession and the overthrow of the forces of Satan and wickedness in the final battle of the Lord God Almighty. Victory is guaranteed to the Anglo-Saxon nations under the unconditional Covenants of God to our forefathers, when they shall be delivered by the glorious return of our Lord who shall destroy our enemy by the brightness of his coming, and with earthquake, volcanic gases, fire, hail, tempest, and overflowing rain. Then shall the Son of man sit upon the throne of his Glory and reign as King of King. "Of the increase of his government and peace there shall be no end, upon the throne of David, and upon his Kingdom, to order it, and to establish it, with judgment and justice from henceforth even forever," Isa. 9:7. Nation shall not lift up a sword against nation neither shall they learn war any more***every man shall sit under his own vine and fig tree and shall not make him afraid."Micah 4:3.

SCS NEWS

A New Clerk

The Technical Service has another new clerk working on the office staff. His name is Everett Cole, a former worker in the field. He was suggested by Reed C. Martin, our very able Records Clerk. Everett seems to be taking hold rather speedily in his new position. We extend our wishes for success to Mr. Cole in his new job.

Back From Leave

Mr. J. W. Taylor, Junior Civil Engineer, had the misfortune to step on a nail one evening on his way to the Technical Service Quarters. but he didn't let a little thing as that stop him, for he made out his monthly reports before he went on his leave. Mr. Taylor is back with us now, feeling just as good as he ever did and ready to carry on with his excellent work as in the past.

Added To The Personnel Staff

Another addition to the Technical Personnel Staff has been made recently. Mr. Oscar W. Harmon, from West Point, Indiana, and has come to this camp for the purpose of aiding the clerks to become more efficient in their work. He will work this camp and South Bend Camp from now on. We wish the best of luck to you Mr. Harmon in your new job.

Films On Conservation

The Technical Service has been having quite a few films on Soil Conservation lately, We think these films do the enrollees who works in the field a lot of good.

A Conscientious Worker

Clarence Bates is now working in the tool room with Audrey Owens, also he is taking J.B. Jones's place in the Gas House, as Jones has gone to the Fort with a case of measles. Keep up the good work Bates, you deserve plenty of credit, to be working in the tool room, the gas house, and the Blacksmith Shop all the time. We also hope that Jones pulls through okay and hurries back to his former duties to relieve Clarence Bates.

October Rainfall Sets Record

The month of October has been a record breaker for amount of rainfall in any one month since the camp was constructed.

With a rain of more than four inches on the 4th and almost three inches on the 7th. The total of the month will be around eleven inches, with possibly more.

As the ground was very dry at the beginning of October. The heavy rains soaked into the ground more rapidly than usual, and no great damage was done by floods.

Answer To Quiz On Page 5

1. Any fool would know that.
2. Your guess is good as mine.
3. For simple reason.
4. There will be in 1950.
5. My dear don't you think it's time to get up.
6. Bed time.
7. By instinct.
8. Yes mabey he is just tired.
9. For hours if you ever get in this position.

KINDLY SILLY ISN'T IT.

NEWS*****NEWS

Rookies

During the month of October this company has received some fifteen boys from around the Calumet district here. So far the boys have shown wonderful spirit in camp and look like they'll really get some where before they leave camp. The following named are the rookies.

Vamos, Frank-----Hammond, Ind.
 Yuknevich, Tony-----Gary, Ind.
 Bennett, Edward-----Gary, Ind.
 Campero, Nick-----Gary, Ind.
 Dziadosz, George-----Gary, Ind.
 Fife, Donald-----Gary, Ind.
 Gliechman, Paul-----Gary, Ind.
 Ledesma, Jesse-----Gary, Ind.
 Malone, James-----Gary, Ind.
 Nickalew, John-----Gary, Ind.
 Rivera, Joe-----Gary, Ind.
 Snickas, Edward-----Gary, Ind.
 Tieron, John-----East Chicago, Ind.
 Watts, Arthur-----Gary, Ind.

New Ambulance Driver

Walter Campbell infirmery attendant in this company took over the ambulance. Campbell was the only man Lt. Wiley saw fit to put in this position. During the two years and two week's he's been in this company he has worked up a marvalous record for himself that it would be hard for any one else to beat or even tie. It seems like Campbell may be getting a lot of business from his home company here if some of the boy's don't start taking better care of themselves in the last few weeks there has been quite a few come into the infirmery complaining about a cold or a sore throat, so boy's you have the clothes for the cold weather why not wear them. So boys do as Campbell says.

Not Bad For One Month

Edward Snickas a man with only one month term in camp calumet has taken over third cook. Edward was in the C's before, and we hope he likes this company as well if not better than he liked the other he was in.

What Did Joe Do With That Spare Tire

What would you think of a truck driver who would get a flat tire and wouldn't know what to do about it. Joe Bishop ECW truck driver for about two months now. He was out in the field the other day with a dodge pickup. The truck got a flat tire and Joe couldn't find the spare. So he call's up camp to send out a truck and a extra tire. When the truck gets out there, Joe is just getting through fixing the flat. When the driver asked why he called up camp, Joe proply replied that he couldn't find the spare tire but finally found it underneath the truck bed (where it supposed to be).

BACK FROM RADIO SCHOOL

Harry Goin, who has been away now for pretty near four month's atr radio school has returned. Harry has been in three different camps taking the course. This course seems to have done him a lot of good. But although he liked the school fine he say's it's sure swell to be back again.

For The Information Of Happy Days

a a
 This paper has now dropped all its mimograph work. It is now entirely a printed paper done on a multigraph.

NEWS

LECTURE BY SECTOR CHAPLIN

Doyle D. Warner, Sector Chaplin makes talk in Camp Calumet on October 6th. In this issue of the Valpo Vane we wish to thank the Chaplin on the wonderful talks he has every time he's here. It seems that boy's look more and more forward to every visit the Chaplin makes.

AWAY AT THE HOSPITAL

Down with a sore throat L. Skeens left for the Station Hospital, the first of the month. Skeen had been in the Infirmary for about two weeks under Dr. Fyfe's care. Doc. thought it better to send him down to the Hospital so Campbell under Doc's supervision made out the necessary forms and called the Ambulance from South Bend. Skeens left October 4th. We may expect him back some time toward the end of the month.

PA'S AND SSJ'S

Ralph Weaver and Walter Campbell received the right to stay in the C's for another two years or as long they have a mind to. Ralph Weaver Sr. Leader of Camp Calumet now for about five month's say's (Quote) Well I guess I had it coming. (End Quote) Walter Campbell infirmary attendant and Doc Fyfe's best man yet say's (Quote) They got me (End Quote). Incidentally both boy's are from that good old state in the southern part of the country known as West Virginia. Nice Going Boy's.

CAMP CALUMET IS ALL DECKED OUT IN STRIPES

Decked out in stripes the rated men of our company now strut their stuff. Mrs Awkerman for WPA teacher from Camp Calumet has sewed on shirt's, mackinaw's, and coat stripes for all the rated men in this company. This is the first in over a year all the rated men in the camp had stripes all at one time. It used to be that only two or three of the old men had them but now all the men can boast them, that is all the rated men.

EDITOR'S NOTE

A bunch of rookies were taken into Camp Calumet on October 8th. from Gary Indiana. Most all of the boy's have shown promises so far lets hope they keep up the good spirit all the while they are with us. All we ask for is just hold up the camp and it's traditions, and in return we are sure they will enjoy their stay. Good Luck Boy's.

ON LEAVE

George E. Wiley, Company Commander here left on a leave October 10th. we may expect him back some time toward the end of the month. Lieut. Wiley has been working exceptional hard during the last few months with all the things that came up, such as the new camp at the Dunes State Park his and many other responsibilities have been slightly wearing him down. Well here's hoping he has a good trip.

JOKES and JIBES

A Catch In It

GRANT: "Is a chicken big enough to eat when it is two weeks old?"
 SETSER: "Of course not!"
 GRANT: "How does it manage to live?"

So Do We All

FRANCIS: I always do my hardest work before breakfast.
 BELL: Whats that?
 FRANCIS: Getting up.

Thats Different

GOVERNMENT OFFICER: Are you married or single?
 ROOKIE: Married
 OFFICER: Where were you married.
 ROOKIE: I don't know.
 OFFICER: You say you don't know where you were married.
 ROOKIE: Oh, I thought you said why.

The Old Excuse

CAMPBELL: The doctors here to see you.
 DIXIE: Tell him I can't see him, I'm sick.

A Puzzling Reply

HOSTESS: It look's like a storm out you'd better stay for dinner.
 FOUTY: Oh, thank's but I don't think it's bad enough for that.

The Truth For Once

OWENS: I tell you it was that long I never saw such a fish before.
 COX: I believe you.

No Kidding

BAHUS: Is your dentist a good one
 STEVE: Oh yes he filled my tee'h with great pain.

The Hole Cheese

POWERS: How much of that cheese did you eat
 HOLLANDWORTH: The hole of it.

Well Well

GROHOSKI: My brother just had his appendix removed
 SIMKO: I didn't think he had it in him.

Ahem

KEEGAN: I heard you were in a fight last night
 CRAWFORD: I had a fight, but I wasn't in it.

Thats What They Think

LAY: Do you know that married men live longer than single one's
 OWENS: You are mistaken it only seems longer.

Just Like That

WEAVER: Is he a hard drinker
 POZYCKI: No it's the easiest thing he does.

A Modest Doctor

BREATHLESS ROCKIE: "Doctor, can you help me? My name is Belcher
 DOCTOR: "No I'm sorry; I simply can't do anything for that thing.
